About the Project

The development of a 20-year comprehensive plan was made to revamp and improve the city park.

Many volunteer groups stated they would like to see enhanced areas to the veterans memorial. Included in these enhancements is a memorial wall. The cost is a a $200 donation per name. This will include 3-lines with 15 characters per line, lifetime maintenance, enhancements around the tank and landscaping.

If residents are interested in the memorial wall, please complete the form and return it to City Hall with a check attached for $200.

Additional enhancements include new walking paths, a splashpad, and a renovation of the bathrooms for public use. The city park committee has final approval of any changes.
